

# Тест к уроку физики «Атмосферное давление»

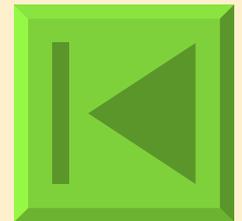

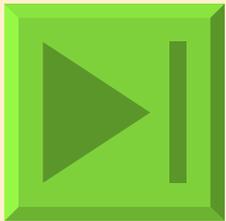

Учитель: Мухаметгареева Л.Г.

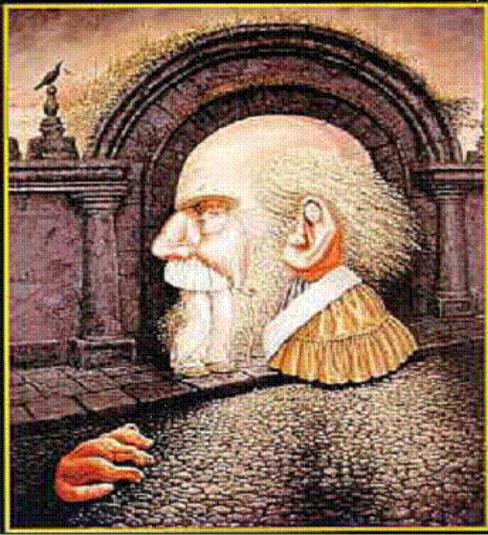

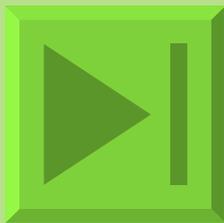

**Что называется атмосферой?**

1. Большой шар;
2. Так зовут великого ученого;
3. Воздух, который окружает землю.

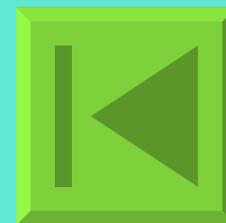

Впервые измерил  
атмосферное давление  
- Владимир Жириновский;  
Торричелли;  
- Пифагор.

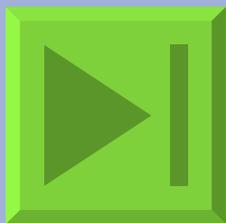

# Чему равно нормальное атмосферное давление

- 760 мм рт.ст.;
- 760 см рт.ст.;
- 101Па.

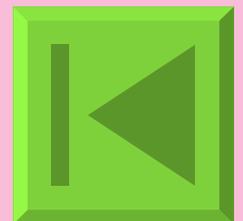

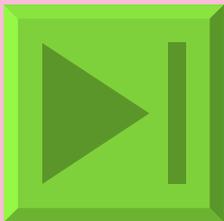

У какой линзы  
оптическая сила равна нулю:  
-двояковыпуклой;  
-плоскопараллельной;  
-вогнутоплоской.

Прочитайте запись  
760мм рт.ст.:

- 760миллиметров ртутного столба
- 760 миллиметров ртутной стел

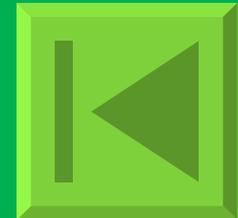

Какую жидкость взял Торричели  
для своего опыта ?

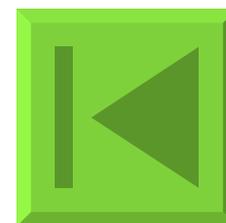

- ртуть;

-воду;

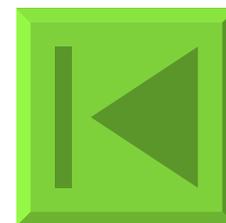

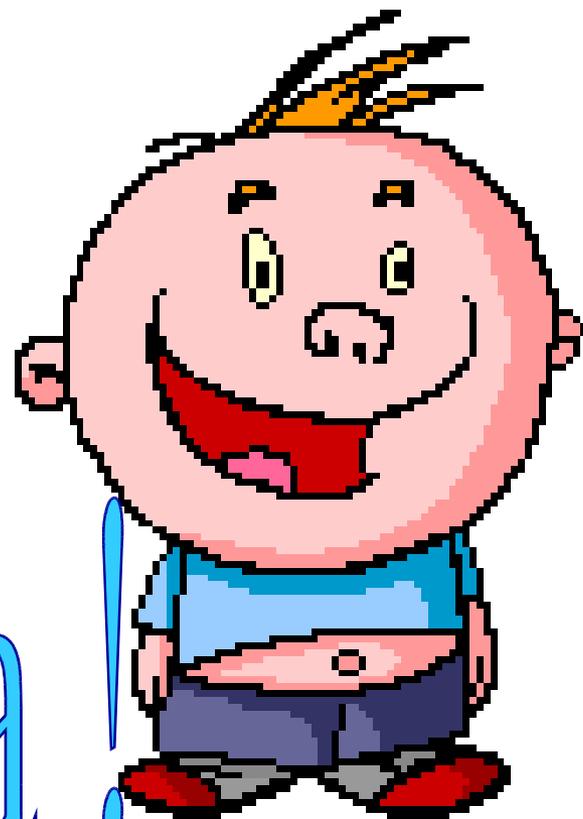

- МОЛОКО.

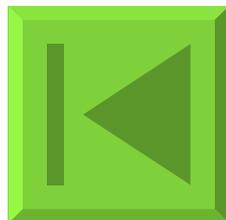

**Молодец!**

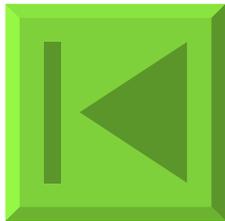

Я у мнИца!

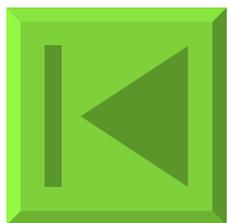

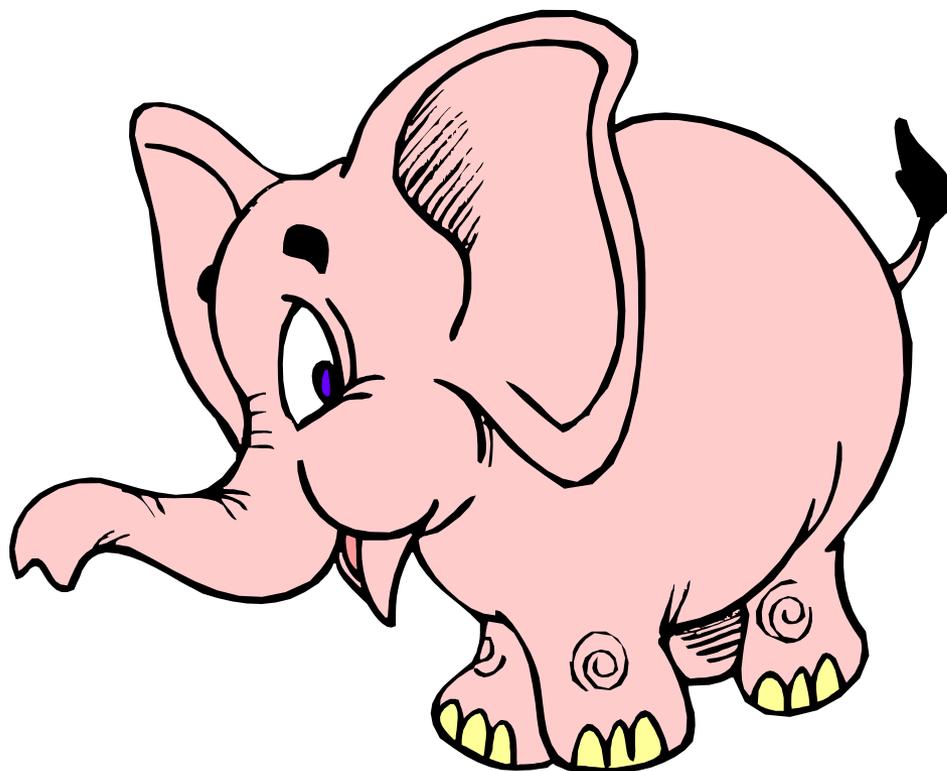

Все верно !!!

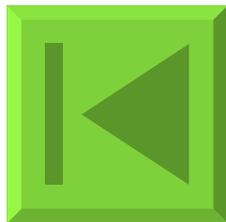

y p a!!!

Супер

Ты просто молодец!

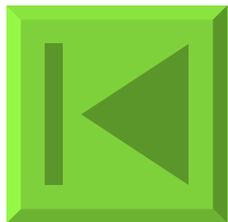

Все прекрасно!

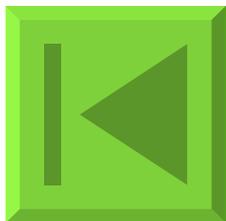

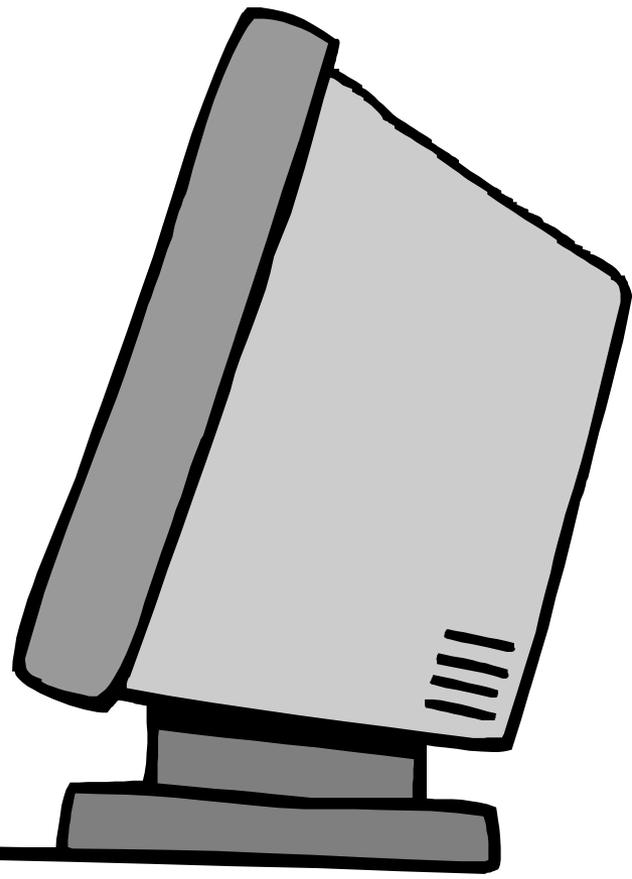

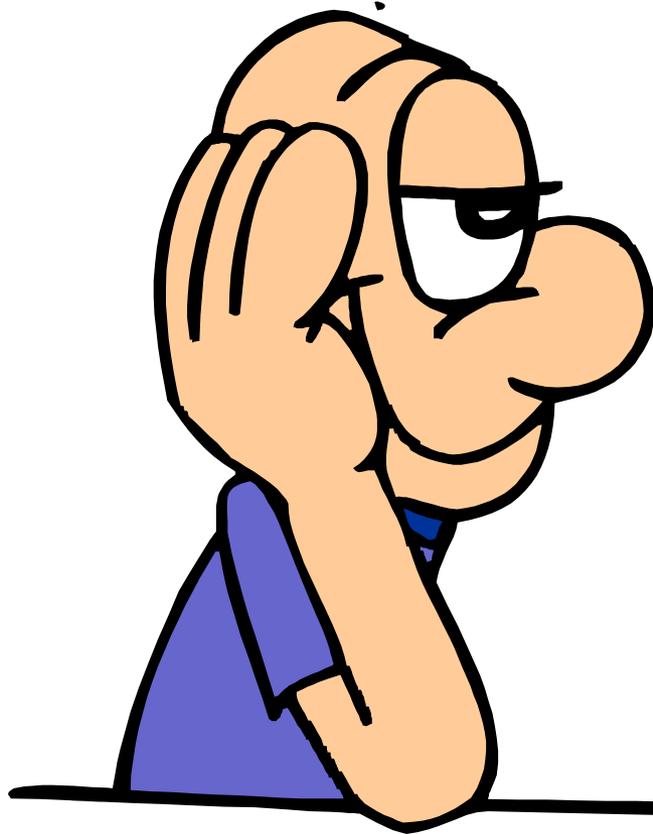

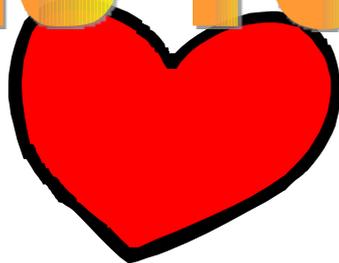

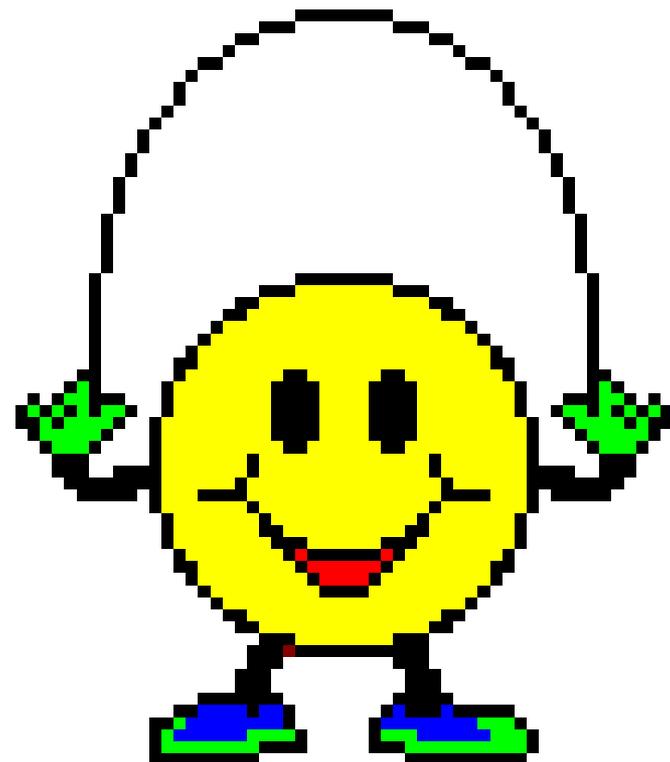

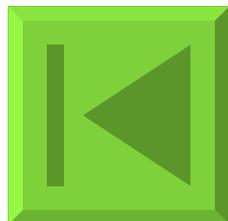

Ух, как здорово!

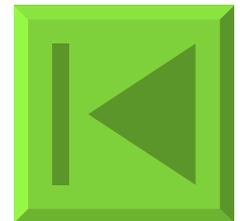

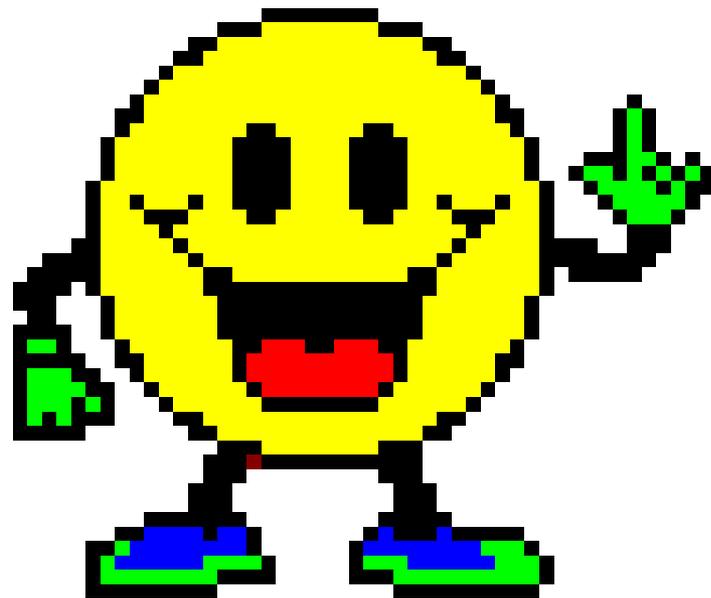

Я люблю тебя!

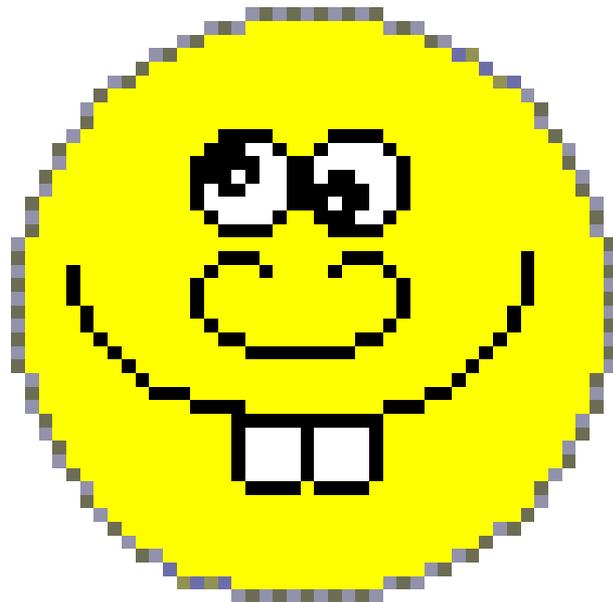

**ВСЕ ПРАВИЛЬНО!**

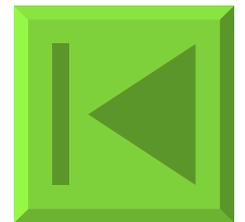

УХ ТЫ! Гений!!!

Я рад за тебя!

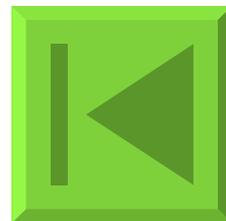

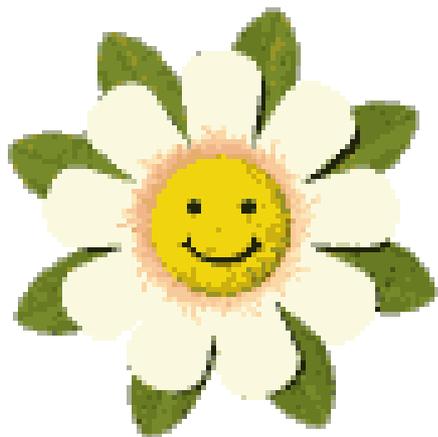

УМНИЦА!!!

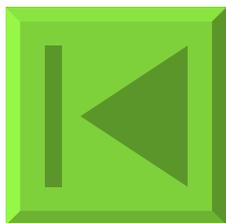

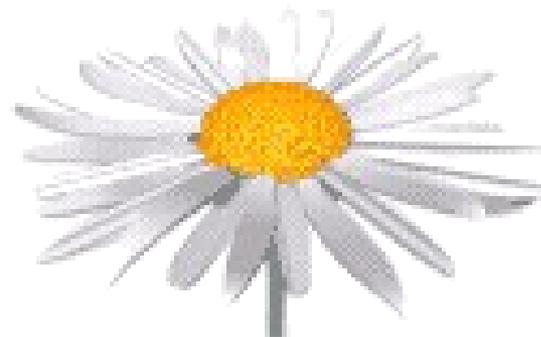

Это для тебя!

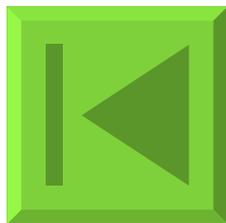

ТЫ КАК СОЛНЫШКО!

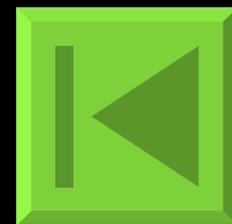

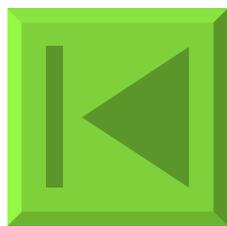

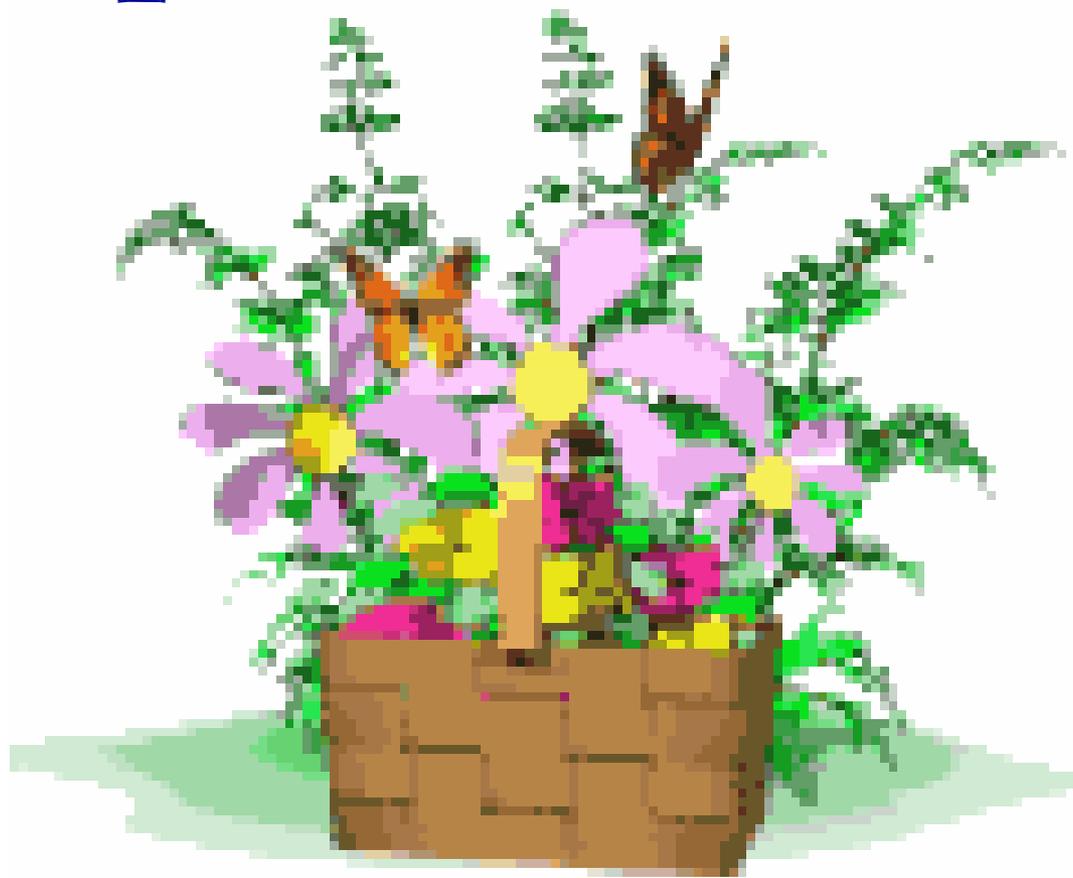

Молодец!!!

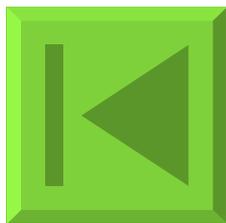

Для тебя!

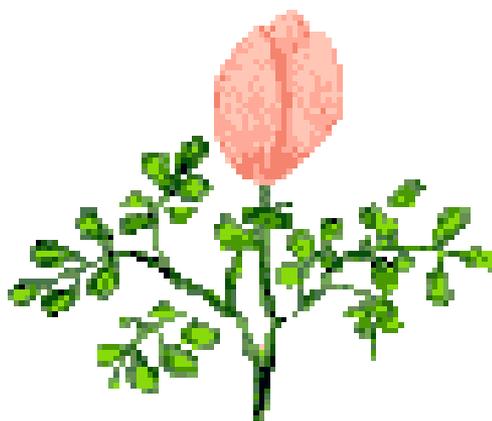

Все хорошо!

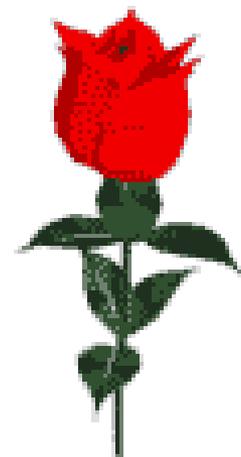

Так держать!!!

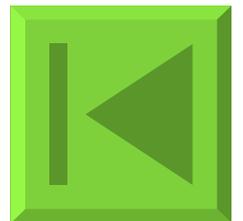

Все хорошо!!!

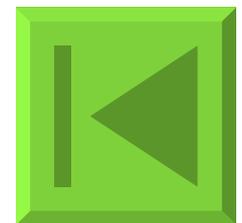

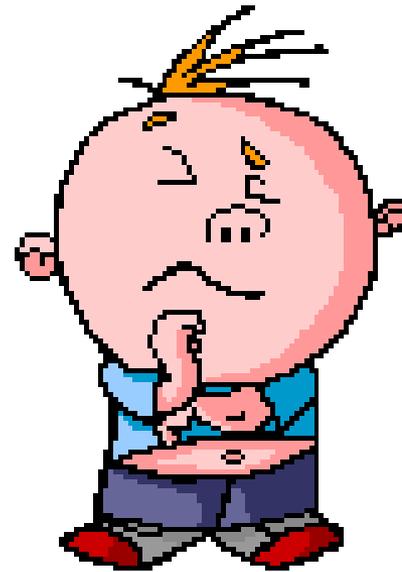

Стоит подумать!

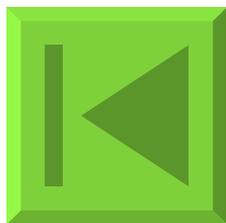

ЧТО-ТО НЕ ТАК...

**Будь внимательнее!**

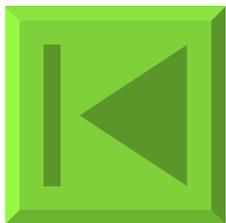

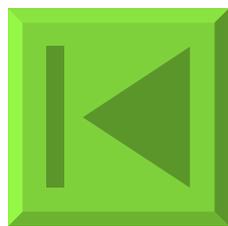

УВЫ...

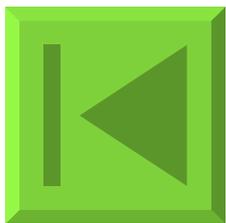

Ты ж умнее меня!

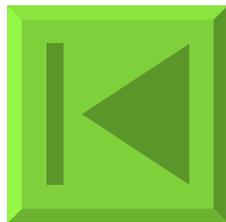

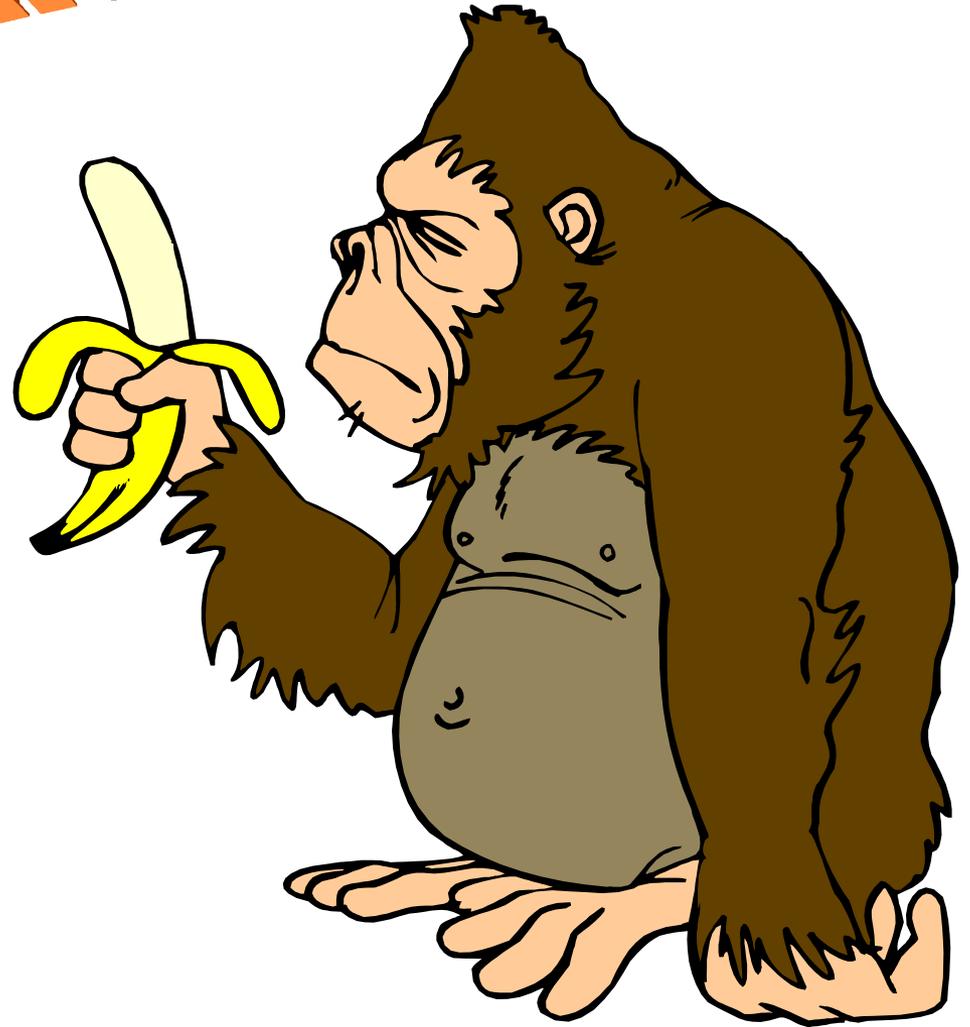

Подумай еще...

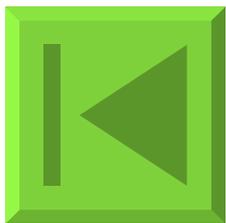

**Мое терпение  
на исходе...**

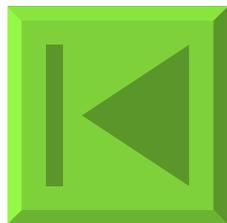

Подкрепишсь...

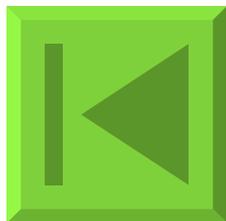

Надеюсь на лучшее

A-a-a-a...

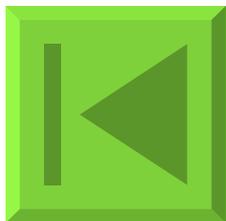

Не торопись...

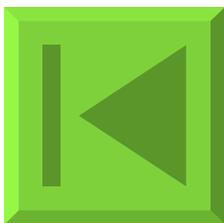

Я надеюсь  
Я надеюсь  
на лучшее...  
на лучшее...

Обидно...

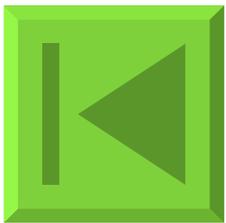

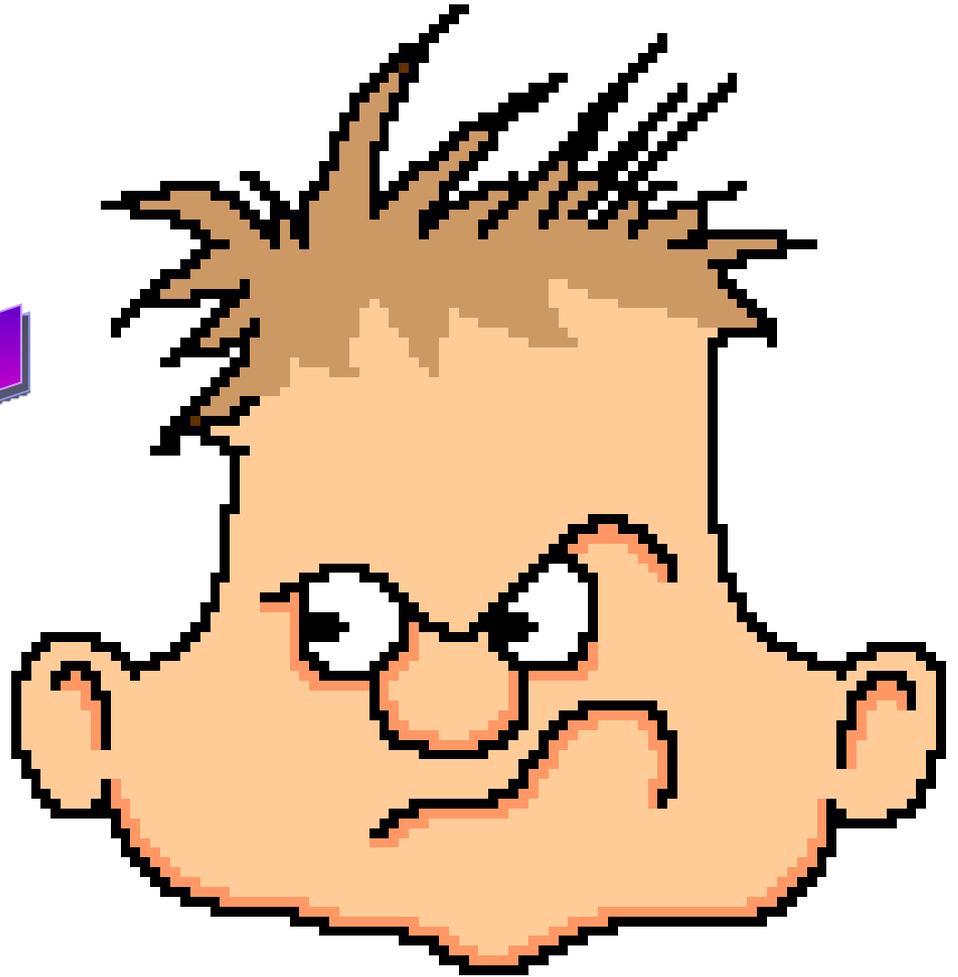

**Это же  
смешно**

**...**

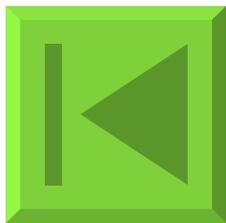

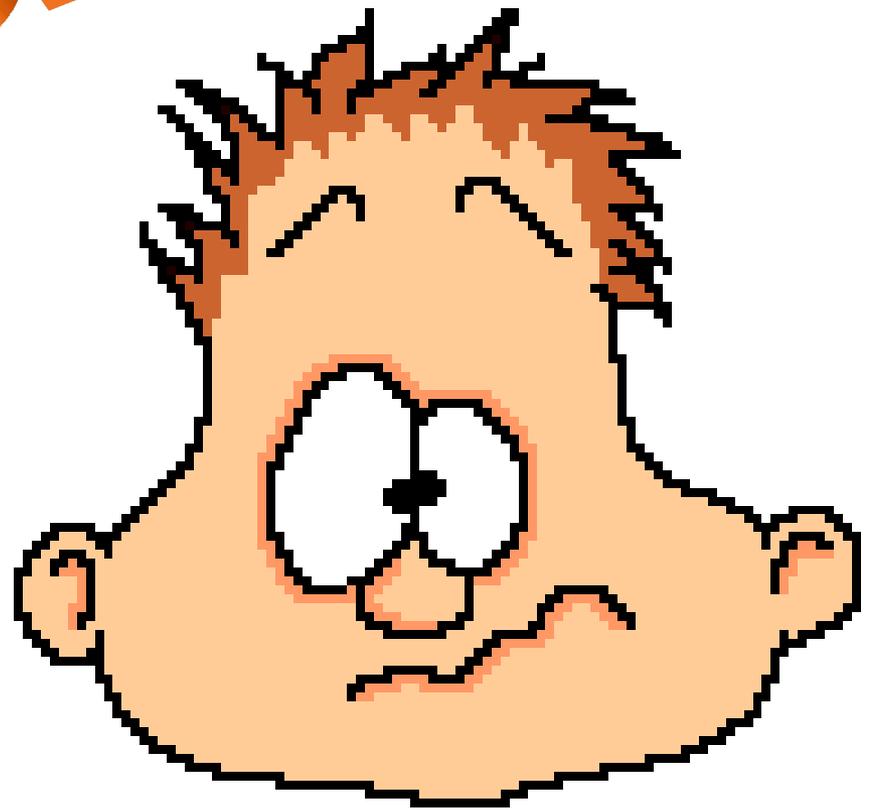

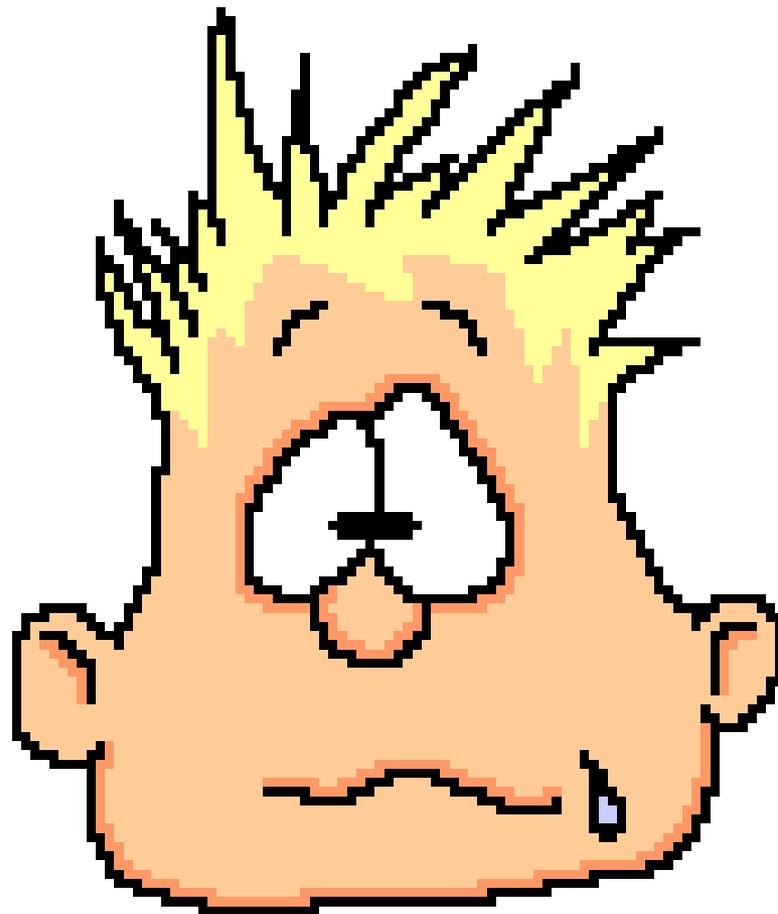

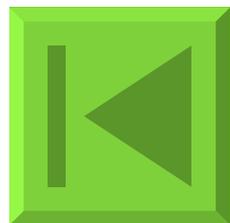

Да...

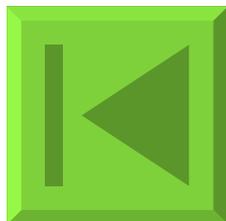

РАЗВЕР

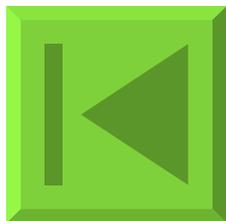

Мне жаль...

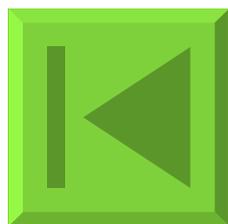

Надо подумать...

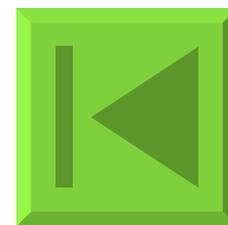

Думай!

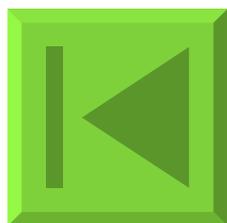

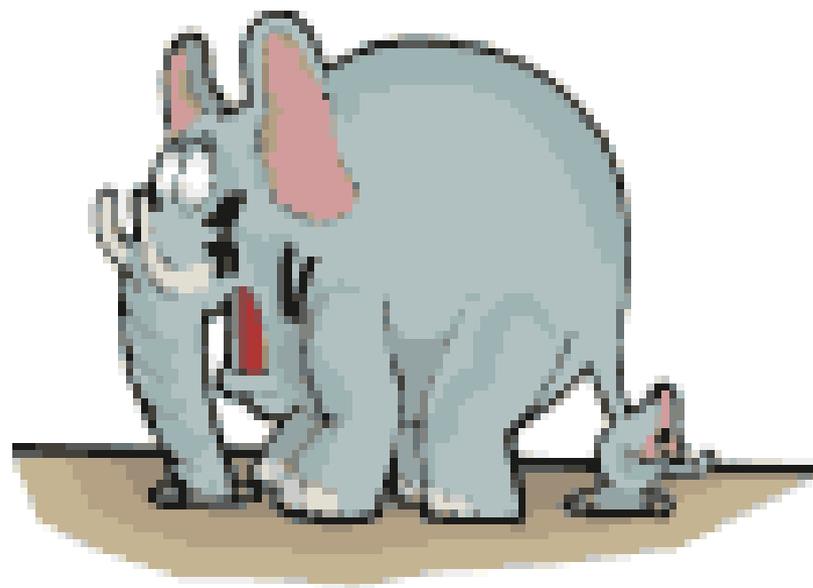

Надейся на лучшее!

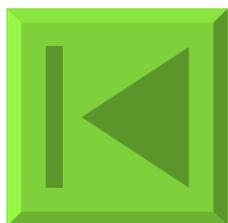

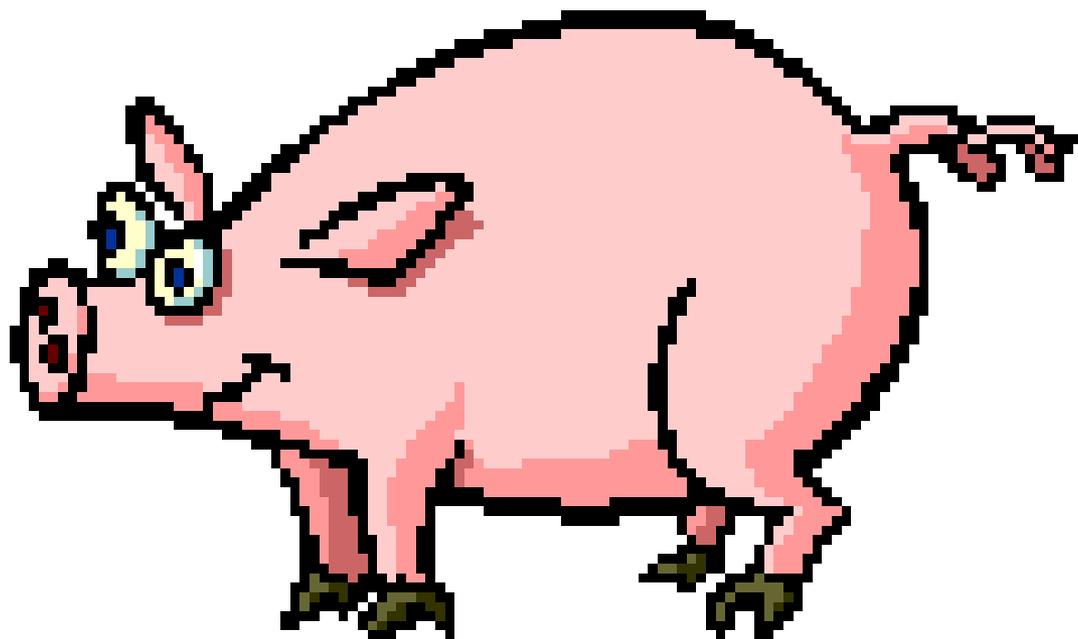

# Подумай...

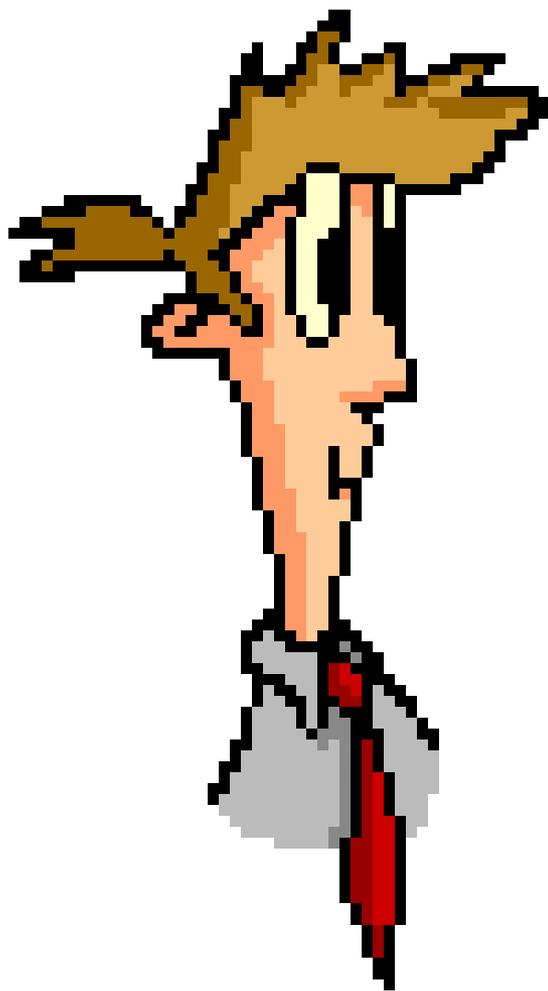

Жизнь имеет и  
серые оттенки...

ИЗВИНИ...

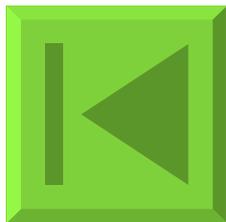

Я думал о тебе  
лучше...

соберись...

Напрягись...  
Напрягись...  
Напрягись...

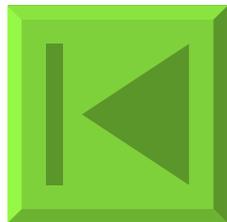

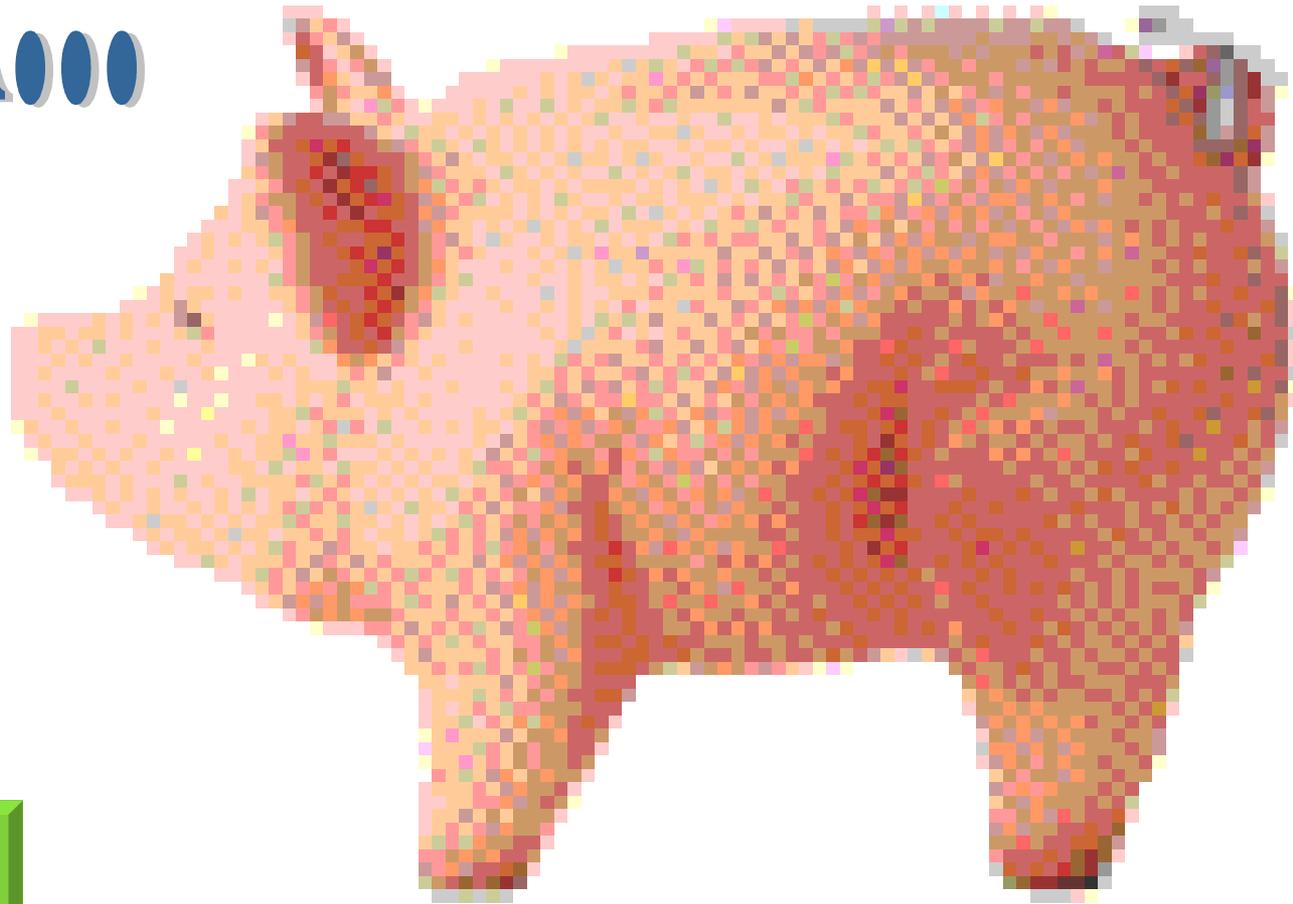

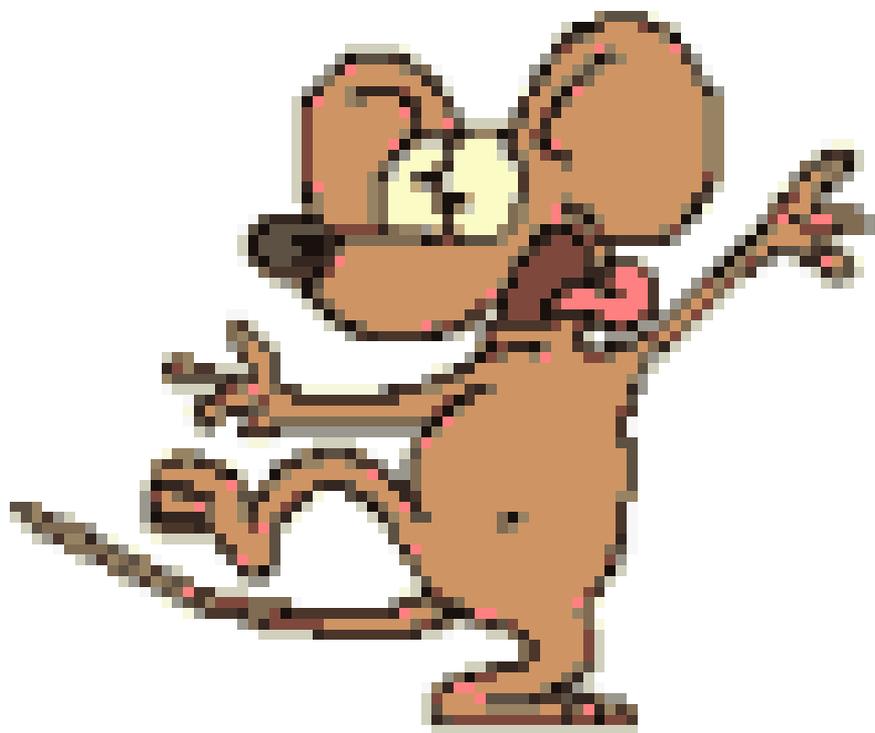

УВЫ!!!

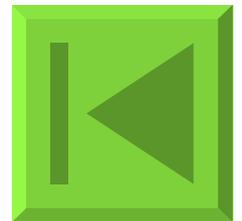

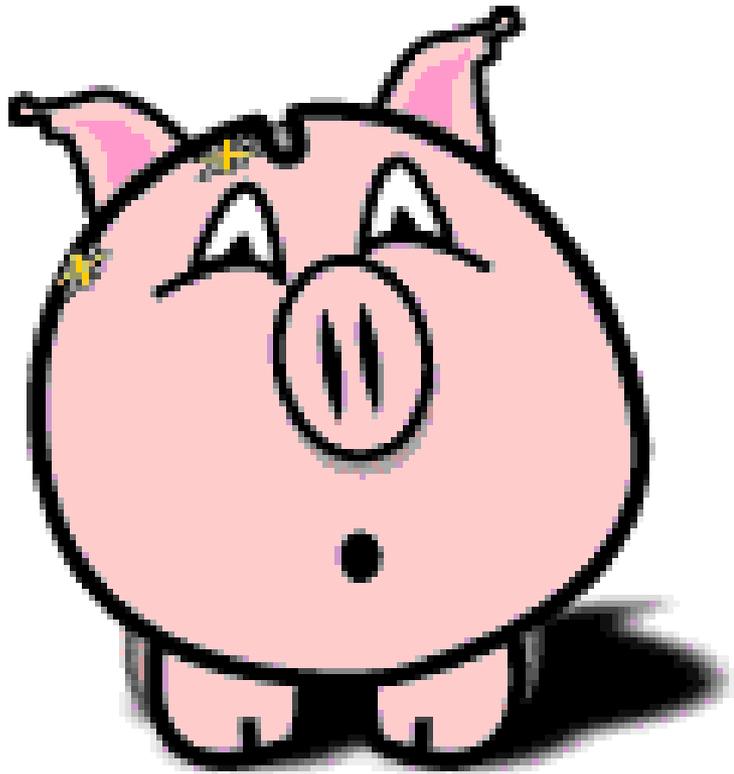

He Tak...

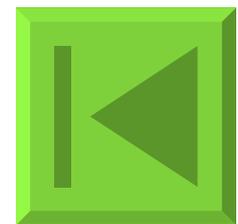

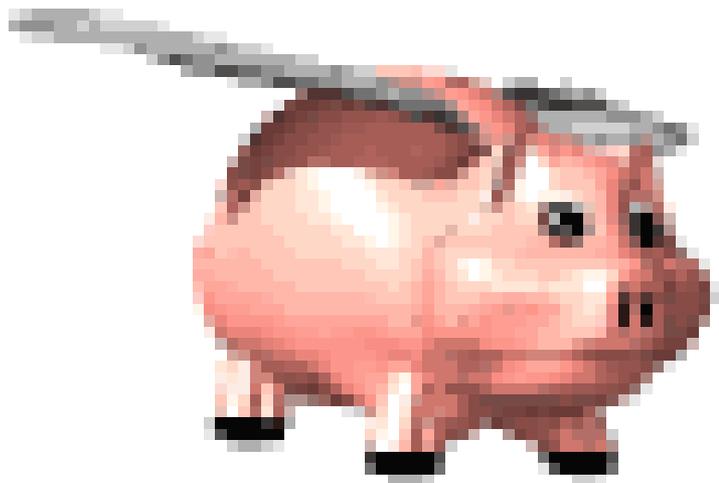

Oh, Oh

# Как же так...

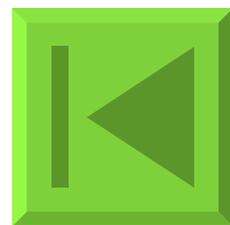

Жапы!!!

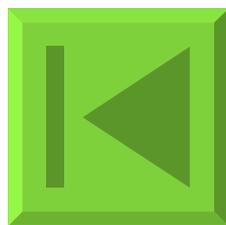

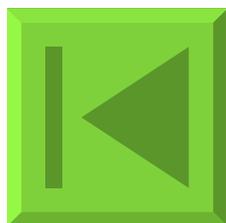

ОПІЛКІЯ

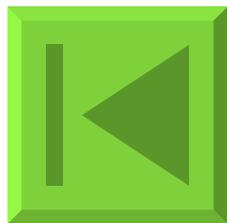

Напрягись с мыслями...

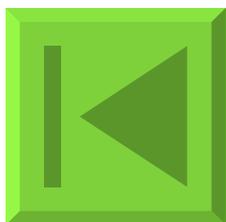

Не торопись...

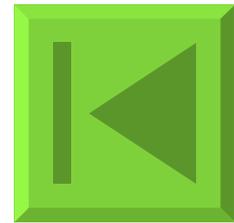

я переживаю  
за тебя ...

*Все дремлишь ...*

Давай подумай ...
